*clean refreshing summer calm
small color palette - more texture*

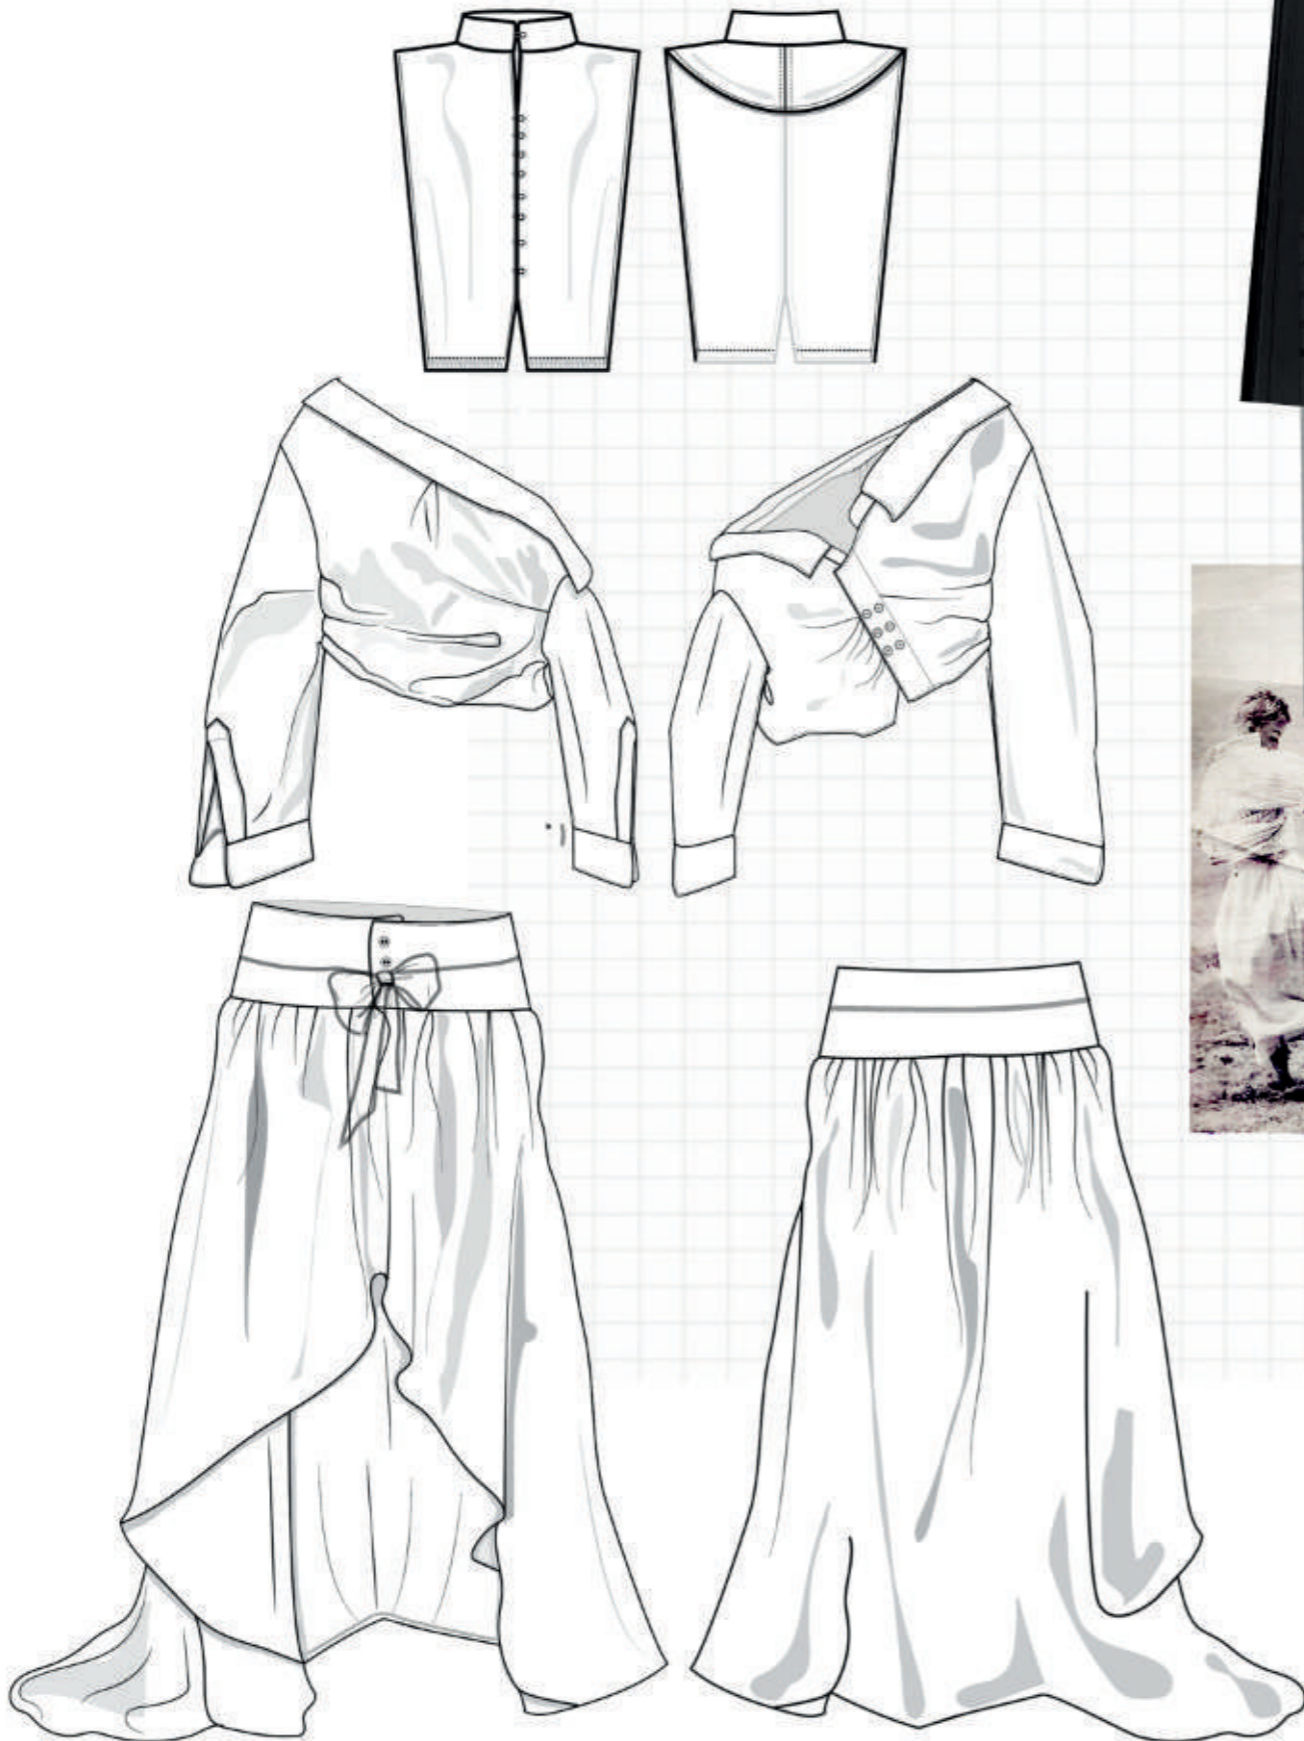

by constance. In the end - back to front. line up

Back on the front.
 Draped layered shirt, worn backwards.
 This outfit symbolizes taking what
 was and wearing it a different way
 The knees being out, super low waist. I wanted
 to demonstrate the luxury of growing up and
 blending it with with layering of fabrics

All white - Caucasians needs
 layering of whites, show different
 stages of life, different textures
 and tones.

I'm grown up gown
and inside to the out coat.
This look is about growing from a country
side background and wanting something
more. A way jacket, pink with SNK, symbolises
glamorising your roots.
Demi couture gown - a luxury silhouette and
detail but is connected with kerchuck
cotton - cottage core. Grown up
I've used a fabric from my
childhood and silhouette I want
