Pattern. Seams are indicated by broken lines, cutting lines
where placed, making it easier to cut accurately. Cut pattern
through pattern and material. Every mark is important as they
indicate markings that are used in construction.

Action points

1
Invest in climate
adaptation

brands climate
on a holistic
your but also
energy

2
Participate in plastics
action

Get ahead of impending plastics
bans and regulations by removing
single use plastics from products
and prioritizing natural and
biodegradable material alternatives

3
Run greenwashing checks

Use internal audits or bring in
independent experts to flag any
messaging that could be seen as
greenwashing. Ensure that
certification is performed by
trusted, reputable industry bodies
