## Trousers - Look 3

### Technical Illustration

Front

Back

### Manufacturing Notes:

1. Prepare the fabric by unpicking the leading edge of the kite to lye the fabric flat
2. Iron the kite
3. Cut out pattern pieces from the kite and from the parachute
4. Lazer cut the front legs, back flap and back pockets
5. Overlock the outside of the parachute pieces
6. Fuse the waistband and top waistband
7. Use the notches to piece together the pattern pieces
8. Edge stitch according the technical drawings
9. Put in place the islets, buckles and pop buttons according to the patterns
10. Sew in label centre back of waistband
