## Dayffd in Dreamworld

S/S 2023  
Danielle Horton

After a long day of stacking shelves , and dealing with Karen's who can't find the tin of beans for her 5 kids. Dafydd sits down and gently enters a land of dreams , his own safe space.

Reminiscing of a time in his youth ,when he used to be a "cool dude" skating with his friends. Riding the hills of the valleys, eyes staring as wide as the sheep who were watching him make every jump with his board. Wind in hair. Rips in jeans. Happiness in heart.

DREAMS CANT GET BETTER THAN THIS!

And how do I know this you ask? Because dafydd is me :) growing up in a small town where life is boring and everyone know your business.

Skating was my escape  
My own dreamworld
